Cologne Bonn marks SkyWork's fifth anniversary

Five years ago SkyWork Airlines commenced operations from Cologne Bonn Airport to Berne. Celebrating the fifth anniversary of the launch, the German airport has marked the success and continuity of the route to the Swiss airline's base.

Having carried more than 60,000 passengers on the service since the inaugural flight on 25 March 2012, SkyWork has operated almost 3,600 flights on the airport pair, Cologne Bonn's only link to Switzerland's capital city.
